

## **ABSTRACT**

This project is a comic book website designed to serve as a comprehensive platform for comic book enthusiasts, collectors, and creators. The website will provide an extensive digital library featuring popular and independent comics, detailed character bios, and in-depth reviews. Users will have access to news updates, release schedules, and discussion forums, fostering an interactive community. Additionally, the platform will offer tools for aspiring artists and writers to showcase their work, promoting collaboration and discovery. The site will be optimized for seamless navigation, responsive design, and integrated e-commerce for purchasing digital and physical comic books. The goal is to create a central hub for comic lovers to explore, engage, and expand their passion for the art form.

## ACKNOWLEDGEMENT

First, I would like to thank **Dr. Ajay Barve** , my project advisor and B.Sc.IT, for guiding me through each and every step of the process with knowledge and support. Thank you for your advice, guidance and assistance.

We are sincerely thankful to the Coordinator of B.Sc.IT for his active involvement, valuable suggestions and constant support during the preparation of the project. Without their diligent and hard work it would have not been possible for us to complete the project in record time.

We also owe a debt of gratitude to all those who helped us in the development of this project. We are also thankful to friends and family for helping us out in making this project a big success. This project imparted a great deal of practical experience, which will be helpful for us in the near future.

# DECLARATION

I here by declare that the project entitled, "**COMIC BOOK WEBSITE** " where the project is done, has not been in any case duplicated to submit to any other university for the award of any degree. TO the best of my knowledge other than me, no one has submitted to any other university.

The project is done in partial fulfillment of the requirement for the award of degree of **BACHELOR OF SCIENCE (INFORMATION TECHONOLGY)** to be submitted at final semester project as part of our curriculum.

Siddhesh Rajesh Bane [07]
